

Helping **BOYS** Learn

To set school challenges start with "small wins" and build on them

Because of the testosterone release they get - All boys love challenge

Challenge requires conscious motivated engagement and discretionary effort...

The Secret of

Challenge

in Boys' Learning

Challenge helps boys learn about themselves and their environment by testing themselves against it

They work best when they relate to a boy's personal interests and dreams!

Successful learning challenges need to be the right size, with deadlines, and downtime - and a boy needs to feel he has the resources to meet a challenge!

The goal is to help boys take up challenges related to their learning
